But what exactly is NAW?

NAW stands for North Atlantic Workshop. It is a collaboration between Denmark, Faroe Islands, Iceland & Greenland.

The workshop was designed to encourage cooperation between CISV/JB Denmark, Faroe Islands, Greenland and Iceland.

It will enable Greenland and Faroe Islands to start up a JB in their NA (National Association) and enable non-NJRs or board members from Denmark and Iceland, to learn how to run bigger events, facilitate and cooperate internationally. The event will be a mix of JB sessions, like those you experience at NJBM, EJBM and IJBC.

Furthermore there will be specific JB training. We want it to be relevant for everyone, so questions like "How do i start a board? How do i plan an event for Peace One Day? How do I gather people for events?", and what ever else may be on your mind, can be clarified throughout the workshop and the tools you will receive.

Do you want to help us reach the stars?

A team of facilitators will be running content and training based activities during the workshop.

If you want to facilitate, please apply before the 11th of September

If you have any questions
please contact
njr@dk.cisv.org

But what's going to happen at NAW 2022?

We know the JB-world can be difficult to understand- even sometimes it feels like you are on a other planet.

Therefore, part of this year's activities will be about understanding Junior Branch and what Junior Branch does in CISV.

But that being said, the rest of the planning is up to the facilitator team. Maybe they want to touch some of the four content areas? But we know for sure, that there also will be time for laughs and new friendships! We promise you, it will be four days you do not want to miss!!

And we are over the moon to finally make NAW happen again !!!

If you have any questions please
contact your **NJR** OR
njr@dk.cisv.org

PS! Remember that application
deadline is the 11th of September
